Joint Field Study Update – October 22 at Village Hall

Join us in Rutherford Hall at 6PM on Tuesday, October 22, to hear an update and share your input related to the Joint Field Study between the Village and Scarsdale Public School District.

During this meeting, our consultants from CHA will present their findings and recommendations following site visits, interviews with key user groups, survey information, and public feedback received from prior meetings. If you can't attend the meeting in person, don't worry! You can join the meeting virtually via Zoom at <https://scarsdale.zoom.us/j/93183703358>.

Your participation is appreciated as we discuss our community's valuable recreational assets.
