Pool Project Update: October 29 – Public Welcome!

The Village of Scarsdale Board of Trustees invites you to attend a presentation regarding next steps for the Scarsdale Pool Complex on Tuesday, October 29, 2024 at 7PM in Rutherford Hall.

The presentation, as a part of a thorough process, will focus on proposed programmatic elements and amenities related to the planned redevelopment of the pool complex. This will not be a presentation on or discussion of architectural design or site plans, but instead will highlight topics such as potential pool sizes and types, water features, changing areas, recreational zones as well as areas for seating, lounging and dining, all of which contribute to and will enhance the overall user experience of the future complex. These proposed programmatic elements aim to meet community needs and enhance the pool complex's role as a community gathering place, so it's especially important that we receive feedback from the Scarsdale community at large. Information about this process and timeline will be shared at the meeting.

If you are unable to attend the meeting in person, don't worry. You can join the meeting virtually via Zoom at <https://scarsdale.zoom.us/j/93183703358>. We hope you will join us and share your input on this important community asset!
