October 24, 2024

### Road Resurfacing Schedule – Begins Today

The Village of Scarsdale is set to begin its fall road paving schedule. Road milling, surface preparation, and paving will occur across various streets over the next two weeks, **weather permitting**. Residents and motorists are encouraged to follow posted detours and parking restrictions for safety and to minimize disruptions. Any schedule changes due to weather or unforeseen circumstances will be communicated to the community as early as possible.

| Date                       | Activity                           | Roads                                                                                                                                                                                                                                                                             |
