May 1, 2025

### **2025 Water Main Flushing Begins Monday, May 5**

The Village of Scarsdale Water Department will begin its annual water main flushing program on Monday, May 5. This routine maintenance helps prevent discoloration during periods of high demand in the summer. Flushing will proceed by neighborhood according to the schedule below and will continue until the entire system has been completed.

During this time, residents may experience discolored water, which should clear within a short period. While the water remains safe to drink, it may stain laundry. For guidance on what to do if your water appears discolored, please visit [scarsdale.gov/flushing](https://scarsdale.gov/flushing).

The neighborhood flushing schedule is as follows:

- **Week of May 5 – 9:** Greenacres (West of Post Road), Fox Meadow, Old Scarsdale, Overhill, Berkeley in Scarsdale, Bramlee Heights neighborhoods, and Post Road starting from White Plains through Eastchester.
- **Week of May 12 – 16:** Arthur Manor, Drake Edgewood, Sherbrooke Park, Heathcote, Greenacres (East of Post Road), Murray Hill Middle Heathcote, and part of East Heathcote neighborhoods.
- **Week of May 19 – 23:** Remainder of East Heathcote, Secor Farms, West Quaker Ridge, Scarsdale Meadows, Quaker Ridge, and Colonial Acres neighborhoods.

**Please note:** The schedule is subject to change based on weather or operational needs. Weekly updates will be posted on the [Water Department webpage](https://scarsdale.gov/water-department-webpage) at scarsdale.gov. For questions, please contact the Water Department at 914-722-1138.
