### Power Outage Update and Information

According to Con Edison, there are presently 87 Scarsdale electric customers without power today. The power outage is attributed to fallen trees that knocked down power lines in three locations yesterday, with damage to one vehicle also reported. Anyone observing an unattended downed wire should call 911 immediately and stay clear of the area, though it is believed all such wires have already been secured.

The power outages are primarily concentrated in the Fox Meadow area, roughly bounded by Fenimore Road to the north, Butler Road to the south, Oak Lane to the west, and Post Road to the east. There are also outages along Cooper Road between Mamaroneck Road and Murray Hill Road. Electric outages may border these locations, as well.

Please take time to check on friends, families, and neighbors in the areas of the outages to see if they may require assistance. Con Ed estimates that power will be restored by 11:00 p.m. this evening, though some individual properties may take longer.

For more detailed outage information or to report an outage at your residence, please visit the ConEd interactive [power outage map](#) available online at <https://tinyurl.com/ConEdStormCenter>, or call Con Ed at 1-800-752-6633.

Finally, please note the following Con Edison guidance, [What to Do if Your Power Goes Out](#):
