Blizzard Response: Resident Update #4

The Snow Emergency declared this morning at 12:01 a.m. is still in effect and will remain so until all streets are cleared for safe passage.

Public Works crews are currently plowing curb-to-curb on all roads and will apply deicing materials afterwards, as temperatures are predicted to drop below freezing tonight. As of now, the Village anticipates another ten hours to twelve hours of plowing and deicing, including clearing of the 25 miles of residential walkways in time for the morning commute.

For questions and concerns about snow removal operations, the SNOW Hotline, 914-722-1150, will remain active until 11:00 p.m. tonight. Residents may call the Public Works Department at the same number beginning at 9:00 a.m. on Wednesday, March 15th.

The Village requests the support and assistance of residents and other property owners in making sure that contractors hired to help clear driveways and other private property DO NOT push the snow onto the public right-of-way, as this will only confound our efforts to make the roads and residential walkways passable.

Finally, property owners and merchants in the Village Center are encouraged to promptly clear and maintain the sidewalks abutting their private properties, as required.

For further information, please contact the Scarsdale Police Department at 914-722-1200
