### **Traffic Alert: Heathcote Five Corners, 10/23 through 10/27**

Please be advised that the New York State Department of Transportation and Con Edison will be undertaking final roadway restoration work at the Heathcote Five Corners intersection from Monday, October 23<sup>rd</sup>, through Friday, October 27<sup>th</sup>, as weather permits.

Construction activity will occur between the hours of 9:00 AM and 7:00 PM, with a one-hour break each day between 2:30 PM and 3:30 PM to minimize school traffic impacts.

Heavy delays are anticipated and motorists should avoid the intersection while this work is underway. Large electronic messaging boards are being deployed to assist the traveling public in identifying alternate routes, which include Brookby Road and the Heathcote Bypass.

Additionally, both the Scarsdale Police Department and private construction flag personnel will be deployed in an effort to help manage traffic flow.

Finally, it should also be noted that while ConEd's work at Heathcote Five Corners is coming to a close, fortunately, traffic impacts associated with construction at 2-4 Weaver will continue to occur on an intermittent basis over the coming weeks.
